About us

First established in 1991, Showfront display cabinets and shelving solutions are known throughout Australia for their style, elegance, flexibility and durability. No other display company offers the same level of quality, experience and expertise.

Australian Made,Owned & Operated

All Showfront cabinets are hand-crafted right here in Australia at our manufacturing plant in Melbourne. When you buy Showfront cabinets, you're buying top quality cabinets with a superb finish and excellent service from our expert staff. You're also supporting Aussie jobs in the local economy. Showfront is 100% Australian owned.

Premium Quality

Elegant, stylish and built to last, Showfront offers unrivalled quality and first class solutions. Compare the difference for yourself – visit a Showfront Showroom in Melbourne, Sydney or Brisbane to see why.

Flexible, Scalable Solutions

We pride ourselves on expertise, superb product quality, client service, value for money and scalability - no project is too big or too small.

Our display cabinets are delivered fully assembled to every hamlet, town, city or region in Australia. When you work with Showfront, you enter a partnership built on trust and value.

Why choose us?

Unbeatable Value

Showfront simply outshines the competition when it comes to value for money. The scale of Showfront operations delivers significant cost-advantages without compromising its top of the range quality. We'll beat any written quote with like-for-like cabinet specifications by 10%. Guaranteed.

Experience & Expertise

With three decades of consulting to retailers, museums, schools, collectors and government organisations behind us, the Showfront team has seen and done it all before. When it comes to quality solutions, there is simply no substitute for experience.

COLLECTORS

Masterful Australian Craftsmanship & Outstanding Customer Service

Treasure Your Collection

Showfront is one of the best known names amongst collectors in Australia. We've been helping collectors all over Australia display their collections for almost three decades. 100% Australian owned and operated, you can count on Showfront for outstanding quality and top class customer service. From relative newbies to serial collectors, our design consultants would be delighted to custom build a display case just for you.

Protect Your Display Items

By carefully selecting the type and quality of materials used in its cabinets, Showfront ensures that your precious display items will be protected against harmful substances often used in inferior products. Contact Showfront to discuss your requirements.

Display Cabinets

Original Solutions

Our specialist team of design consultants provides market-leading expertise and prides itself on the originality of its solutions. For retailers, wholesalers, distributors and visual merchandisers looking for something extra special and a little bit different, ask us about custom-building a display cabinet for your specific needs.

Eco Friendly LED Lighting as Standard

LED Spot Lighting

Showfront display cases offer a superb range of styles, colours, additional storage, security and mobility features, toughened or laminated glass and adjustable shelving. All Showfront display cabinets come with cool, eco-friendly LED lighting as standard.
Consealed LED Strip Lighting with Diffuser

Showfront offers its own unique consealed LED strip solution to illuminate your display with maximum effect. LED strips are adaptable to many different applications keeping all mounting screws and wiring completely hidden.
